Exmoor National Park is also just a short drive and provides endless bridleways, footpaths and dramatic, rugged scenery to enjoy. Barnstaple is about 20/25 minutes by car and as North Devon's regional centre, offers the area's main business, commercial, leisure and shopping venues, as well as District Hospital. DESCRIPTION

Orchard Park is understood to be of period origin but was largely re-built and extended between 1997 and 2004 and then extended, remodelled and refined during the current vendor's 12-year tenure, most recently in 2019/20. The original core presents elevations of stone, beneath a slate roof. The most recent extension presents k rend coloured elevations, beneath a flat & vaulted, zinc roof. There are double glazed doors and windows throughout. The remodelling and extension of the property has been undertaken sympathetically and skilfully, creating a fusion of period features with quality 21st Century refinements. There is extensive use of oak joinery and flooring, as well as a bespoke oak staircase, these sit well with many contemporary features.. At the heart of the property the superb open-plan Dining/Family Room/Kitchen with its bespoke walnut units has a wall of bi-fold doors, which open to bring the outside in. The self-contained single-storey Annexe which adjoins the Kitchen could alternatively be utilised as a Playroom/Games Room/Office/Studio/Therapy Room, etc. The vendor has great flair for design, which is evident not only inside but also outside, where the Mediterranean-style landscaped terraced garden has recently been completed. This leads to a sheltered roof terrace from which to enjoy views over the surrounding countryside. Externally there is an integral double garage/utility room, detached stone former barn with its own gated access. This is currently utilised for storage but has potential for conversion to additional accommodation/holiday let (subject to planning permission). There is extensive parking, including a yard, a large former agricultural barn (also with potential for conversion to a possible dwelling - again subject to planning permission). The gardens, pasture and woodland are bisected by a stream and amount in all to about 31.88 acres. For those interested in equestrian pursuits, the former agricultural barn could potentially be converted to stabling, and it is possible to ride out onto the local lanes. Alternatively, the grounds could accommodate yurts, cabins, etc, to create a potential holiday business - again subject to any necessary planning permission being obtained. The land includes approximately ½ an acre on the opposite side of the access lane to the main lot, which can double up as additional parking.

The first vehicular access from the lane leads through an electrically operated 5-bar gate with separate pedestrian gate, over a gravelled driveway which terminates in front of the house - providing ample parking and turning space and leads to the DOUBLE INTEGRAL GARAGE. This has power and light connected and is currently partially utilised as a LAUNDRY ROOM. Opposite the front of the property is the DETACHED SINGLE STOREY STONE OUTBUILDING with corrugated tin roof, which currently provides an excellent range of workshops and stores. This offers potential for conversion to additional accommodation or possible holiday let (stp) as it has its own separate 5-bar gated access - completely screened from the main house, and a potential private garden. To the rear of the house there is an attractive stone wall and well-established Hydrangea. Then within an area of lawn is a well which is topped in slate - making a perfect table for Al fresco dining. The lawn continues and meets a TERRACE adjacent to the KITCHEN. There are raised planters and steps lead to the Mediterranean garden, arranged over a series of levels, planted between them. This rises to the ROOF TERRACE with safety glazed surround. There is space and provision for a hot tub. A series of stone walls conceal the oil tank, with steps leading back down to the front drive. The whole garden is dog-proof. To the right of the main access there is a HEN HOUSE and HEN ENCLOSURE. To the left of the GARDEN is a separate gated access to a YARD with timber SHED and a secondary gate, which leads on via a track to the large former AGRICULTURAL BARN - suitable for a variety of uses. The land is principally arranged to the South of the house and rises from the base of valley. Most of the enclosures are laid to permanent pasture. The land also includes areas of ORCHARD and WOODLAND. A STREAM runs through the property at the lower level. The property is arranged on both side of the access lane - the majority of which is to the South and approximately ½ an acre to the North. We understand that the lane leads on to four other properties beyond. The initial section is in good repair.
