DESCRIPTION

Halls are delighted with instructions to offer 20 Acres of Mixed Woodland, a short distance north of Ellesmere, for sale by Public Auction.

An attractive and established block of mixed woodland extending to 20.12 acres, combining both broadleaf and coniferous species and offering a particularly attractive and secluded parcel of woodland.

Of particular note are stands of Red Cedar together with Oak and Ash. The age, scale and nature of a number of the trees may provide potential timber value in addition to the woodland's considerable amenity and conservation appeal. Prospective purchasers wishing to assess the commercial timber potential should satisfy themselves by way of their own inspection and, where appropriate, specialist professional advice.

The woodland has a varied and attractive character, with mature trees, natural understorey and a network of established paths and rides.

An existing track leads into the woodland and provides a genuinely beautiful route through the wood, giving useful access to much of the property. The internal tracks are considered most suitable for a 4x4, agricultural vehicle, ATV/mule or similar off-road machinery.

A natural stream runs along one boundary, and a small seasonal pool is situated within the woodland. The pool generally holds water during wetter periods but may dry out during the summer months.

The combination of mature woodland, water, internal tracks and its private rural setting provides considerable recreational, wildlife and conservation appeal.

SITUATION

The woodland occupies an attractive rural position within the Ellesmere area of North Shropshire, approximately two miles north of Ellesmere, enjoying a peaceful and secluded setting whilst remaining conveniently accessible from Ellesmere, Oswestry, Wrexham, Whitchurch and Chester.

ACCESS

The woodland is accessed by a private access drive serving Park Hall Farm, with the right of access to the property being approximately identified in blue on the attached plan

The access is reasonably straightforward for the majority of its length, although the latter section approaching the woodland is more suited to a 4x4 or similar vehicle.

From the main access, an established track leads into the woodland and continues around much of the property.

PLAN

For identification purposes only, the access track is shown edged blue on the attached plan.

The woodland forming the subject of the sale is shown edged red on the attached plan and extends to approximately 20.12 acres (8.14 hectares).
