### Overview

Welcome to DUNEScape: a unique enclave of seven sea-view beach houses set in a private, ecologically restored dune landscape above one of Cornwall's most loved beaches. Architecture and landscape work together here—terraces for sunsets, outdoor showers for sandy feet, generous storage for boards and bikes—making daily life easy for families, retirees and second-home owners alike.

Inside, a fabric-first, low-energy specification aims for AECB CarbonLite performance to deliver year-round comfort, low running costs and a healthy indoor environment. Every plot includes 22kW EV charging and a future-proofed 3-phase electrical connection; gigabit fibre supports smooth remote work. Early purchasers can tailor layouts, finishes and curated options (from wardrobes and flooring to bioclimatic pergolas or battery storage).

Step out to the South West Coast Path, Penhale Dunes and the links golf course; stroll to surf lessons, community sports clubs and the village's cafés and pubs (including the UK's only bar on the beach). The primary school is Ofsted "Good," with a new secondary under government review—ideal for growing families and for downshifter seeking a strong year-round community.
