Rear Garden

One of the major selling points of this property is the superb gardens being meticulously maintained by the current owners and backing onto fields. The garden commences with a spacious patio area ideal for sitting out and having a morning cuppa, an afternoon glass of wine or alfresco dining whilst you look at the wildlife and taking in the beautiful colours which are all year round within the garden.

There is a large expanse of lawn and the garden is completely unoverlooked from the side courtesy of a high beech hedge and an absolute wealth of established flowers, shrubs and trees, including a lovely silver birch tree and additional trees which help create areas of dappled shade during hot summer months. Large greenhouse (12' x 8') to remain, the garden is enclosed on right hand side by panel fencing, and there are two outside taps, side access which also houses the replacement plastic 1500 litre double skinned replacement plastic Titan tank for the oil central heating.

There is also a large vegetable patch with compost area and working area which has been cleverly concealed by high hedging and cannot be seen from the main garden. Two wooden sheds one small, one large shed which has an electricity supply, plus paved area and cold frame, which is accessed through the hedge via an archway.

Solar Panels

The solar panels were installed in 2015 on part of the southerly facing pitched roof slope. There is plenty of room on this roof for an extension with further panels to the system if new buyers require. These are very effective and the current owner, since their installation

has had £8000 paid back from the electric company for the unused generated electricity which was sold back into the grid. These are situated on the south facing pitch of the front roof, should anyone wish to extend the number there is ample room for additional panels to be installed.

Tuddenham has The Fountain pub, an active church and community hall social life and it is no surprise it is one of the most popular villages in the whole of the Ipswich area.
