Constructed in 2016, Briar House is an exceptional detached home that the current owners have thoughtfully upgraded to create a stylish, energy-efficient modern eco-home. Benefitting from underfloor heating powered by an air source heat pump, solar panels, smart lighting and an integral vacuum system, the property combines contemporary technology with high-quality finishes throughout.

A welcoming entrance hall with an impressive oak staircase sets the tone for the accommodation, while tiled flooring flows throughout the ground floor. The L-shaped living room provides a cosy yet spacious reception area centred around a wood burning stove, while a separate reception room offers flexibility as a snug, playroom or home office.

Undoubtedly, the heart of the home is the beautifully re-fitted kitchen and dining room, featuring Quartz worktops, high-end integrated appliances and bi-folding doors opening onto the rear garden, creating an ideal space for entertaining and modern family living. A utility room and two cloakrooms complete the ground floor.

Upstairs, the property offers four well-proportioned double bedrooms, two benefitting from en-suite shower rooms. The principal bedroom further enjoys a walk-in wardrobe, while a luxurious four-piece family bathroom serves the remaining bedrooms.

Outside, a resin driveway provides parking for several vehicles, with a side driveway leading to a gated carport. The rear gardens enjoy a sunny aspect and have been attractively landscaped with established planting, private seating areas and a large composite deck ideal for al fresco dining. A bespoke gazebo shelters a dedicated hot tub area, creating a perfect space to relax.

Kingston Seymour is a sought-after village nestled between Clevedon and Yatton, offering a strong sense of community alongside excellent accessibility. Local highlights include The Pear Orchard and Tiffin Cafe, while the property also falls within the catchment for the highly regarded Backwell School.

“An exceptional modern village home combining luxury, efficiency and beautifully designed family living.”
