SITUATION & AMENITIES

In timeless and tranquil rural surroundings, towards the end of a half mile no-through country lane, the property forms one of a small hamlet of five detached dwellings, surrounded by beautiful open countryside on high ground with commanding views out over as well as distant views of Saunton. There are footpaths close by which provide access to roam over the countryside. Although rural, the property is by no means isolated as the village of Fremington and favoured coastal village of Instow are both about 2 miles. At Fremington there is a medical centre, parade of shops and Fremington Quay, where the Tarka Trail can be accessed. Instow is one of North Devon's premier coastal/estuary villages, renowned for its beach, dunes, cricket club, yacht club and a number of well-regarded eateries and pubs. The market town of Bideford and regional centre of Barnstaple are both about 4 miles. As the regional centre, Barnstaple houses the area's main business, commercial, leisure and shopping venues, as well as live theatre and district hospital. Local schools are within easy access, including the reputable public schools of Kingsley at Bideford, West Buckland and Blundell's at Tiverton a little further afield. The property is about ½ hour's driving distance of the favoured surfing beaches of Croyde, Putsborough, Saunton (also with Championship Golf Course) and Woolacombe. Exmoor National Park is a similar distance. The A39/A361 North Devon Link Road is about 3 miles and affords access through to Tiverton, from where dual carriageway access leads to Jct.27 of the M5 Motorway and where there is also Tiverton Parkway station where trains to London Paddington are approximately 2 hours. The nearest international airports are at Bristol and Exeter.

DESCRIPTION

If you are searching for a contemporary and stylish new home, which exudes quality and is ready to move into, in a peaceful, remote but not isolated location then look no further! There are so many 'wow factors' at West Knightacott Barn – both inside and out. These range from the fabulous reception areas with vaulted ceilings and atrium windows, as well as bi-fold doors which flood the rooms with natural light and bring the outside in, to the standard of the bathrooms and fitted kitchen with appliances, not to mention the designer light fittings internally. The clever landscaping of the drive and garden areas externally complete the scene, as the developer/vendors have created a special and individual home which is also energy efficient and eco-friendly. In addition to the main house is the excellent detached home office and garage, with its own facilities. The vendors have even thought ahead by making the garage suitable to be adapted as an ensuite bedroom, subject to planning permission and a buyer's requirements. The gardens have been specifically landscaped with ease of maintenance in mind, or alternatively represent a blank canvas. Generally, the property presents elevations of western red cedar timber with double glazed windows and doors, beneath a rubber seam roof.
