FOR THE INTEREST OF CASH PURCHASERS ONLY - A traditional style three bedroom semi detached house with side garage and good sized garden. NO UPWARD CHAIN.

A sale was previously agreed for the property; however, the purchaser's survey identified minor cracking that required further investigation.

A structural engineer was subsequently instructed to inspect the property. Following their assessment, they recommended that a drainage survey be carried out. The drainage survey identified some hairline cracking to the drainage system.

The structural engineer has advised that the drainage defects should be repaired to determine whether the observed cracking is the result of ongoing structural movement or a historic issue.

The vendors are unable to undertake the recommended remedial works and have therefore decided to offer the property for sale in its current condition. As a result, the property is being marketed to cash purchasers only.

Copies of the structural engineer's report and the drainage survey are available for inspection at our office.
