A THREE BEDROOM END PROPERTY FOUND ON A CUL-DE-SAC, IN NEED OF UPDATING AND MODERNISATION.

This three-bedroom end-terrace property is situated on a quiet cul-de-sac in the popular town of Long Eaton, conveniently located within walking distance of Long Eaton train station, local shops, and well-regarded schools. The property requires updating and modernisation throughout, offering an excellent opportunity for buyers to personalise and add value. With its end-terrace position, the home benefits from additional space and presents strong potential for extension, subject to the necessary planning permissions. Offered for sale with no upward chain, this property represents an ideal purchase for first-time buyers, investors, or those looking for a project in a highly convenient and sought-after location.

The property comprises an entrance to the side which leads directly into the kitchen and through to the dining room, the dining room benefiting from sliding patio doors opening onto the rear garden. From the dining room there is an inner corridor providing access to the staircase rising to the first floor and the front-facing lounge. It is worth noting that the original front door access via the porch was altered by the current owner; however, this could easily be reinstated if desired. To the first floor, a spacious landing gives access to three well-proportioned bedrooms and a family bathroom. Outside, the rear garden has been completely re-landscaped and features a raised decked seating area, newly laid lawn and new fencing to all boundaries. To the front of the property there is a garden area, along with a driveway to the right-hand side with metal gates providing access through to the rear garden.

Located in the popular residential town of Long Eaton, close to a wide range of local schools, shops and parks. Long Eaton town centre is within walking distance where supermarkets and healthcare facilities can be found. There are fantastic transport links nearby including bus stops and easy access to major roads such as the M1, A50 and A52 to both Nottingham and Derby with local train stations and East Midlands Airport easy accessible.
