Lovingly improved and extended, The Spring offers the perfect blend of rustic charm and modern living. The bright, surprisingly spacious interior features a stylish fitted kitchen, a characterful dining hall with exposed floorboards, and a wonderfully airy double-aspect living room. A sympathetic 2018 extension added a welcoming entrance hall, together with a ground floor double bedroom and shower room, enhancing the home's sense of space and flow. The first floor provides three comfortable bedrooms and a generous bathroom, all warmed by gas central heating and benefiting from double glazing. Original features sit harmoniously alongside contemporary upgrades, creating a home that feels both timeless and comfortable.

To the front, gravelled parking leads to both entrances, with pathways to either side guiding you to the rear garden. Here, a sun-drenched patio connects seamlessly with the dining room, ideal for gatherings with family and friends. Beyond, the garden stretches into a versatile area perfect for a pony, donkey or simply enjoying the open space. With its own access from the neighbouring road, the land may also offer scope for a future building plot (subject to planning).
