Chandler House is an exceptional detached family home, built in 1989 a highly respected local builder. Occupying a prominent corner position, the property forms part of an exclusive collection of attractive vernacular-style homes set back from the lane. Beautifully presented throughout, this impressive home extends to over 2,000 sq ft and offers bright, thoughtfully designed accommodation with the added benefit of annexe potential.

Constructed in a traditional style with rendered and weather boarded elevations in parts beneath a tiled roof. The accommodation in brief comprises a welcoming entrance hall with wooden flooring and access to a well-appointed cloakroom. The dual-aspect sitting room is a delightful space, centred around an attractive feature fireplace and enjoying French doors opening to the garden. At the heart of the home is the stunning kitchen/dining/family room, thoughtfully extended to create a spectacular living space. A vaulted ceiling and floor-to-ceiling windows flood the room with natural light, while the bespoke kitchen offers extensive storage, granite work surfaces, a double oven and a gas hob with extractor hood above. A central island incorporates a secondary sink and raised wooden breakfast bar, ideal for informal dining and entertaining. The dining and family area provides ample space for a large table and comfortable seating, with French doors opening onto the terrace and creating a seamless connection between indoor and outdoor living. Additionally there are three further rooms, two of which are currently arranged as bedrooms. These are complemented by shower room and self contained open-plan living area which lends itself perfectly to use as a self-contained annexe for dependent relatives, guests or those seeking additional income potential, while still integrating seamlessly with the main house. A separate utility room provides further storage and appliance space.

The first floor is arranged around a spacious landing and comprises four well-proportioned bedrooms. The generous principal suite features a beautifully appointed en-suite bathroom with a walk-in shower and separate bath. Bedrooms two and three benefit from built-in storage, while bedroom four is currently utilised as a dressing room. A luxurious family bathroom serves the remaining accommodation.

Overall, Chandler House offers an outstanding combination of character, space and versatility, making it ideally suited to modern family living, multigenerational occupation or those seeking flexible accommodation in a highly desirable setting.
