About The Property

Looking for a brand-new detached home in Cardigan, with a spacious kitchen/diner, three bedrooms, garage and enclosed garden? Plot 2 at the sought-after Maes-y-Dderwen development offers well-planned modern accommodation with an orangery-style roof light, air source heating, off-road parking and a convenient position for Cardigan town and the beautiful Cardigan Bay coastline.

Set within the popular Maes-y-Dderwen development in Cardigan, this brand-new three-bedroom detached home offers a practical, well-proportioned layout, an attached garage and an enclosed rear garden, all within easy reach of the town's shops, schools and everyday amenities.

Currently in the final stages of construction, the property will be completed ready for sale completion, with a modern kitchen, bathroom and en-suite fitted as part of the finish. Air source heating adds to its modern specification, while the block-paved driveway provides off-road parking for two vehicles in addition to the attached single garage.

The front door opens into a generous entrance hallway, which provides access to the main ground-floor rooms and has stairs rising to the first floor.

To the front is the separate lounge. Its proportions allow plenty of flexibility for different furniture arrangements, making this a comfortable main living room away from the more open-plan space at the rear.

The real focus of the ground floor is the kitchen/dining room, extending across the rear of the house. A modern fitted kitchen will be installed before completion, with plenty of room remaining for a dining table and additional seating if required.

One of the standout features of this particular plot is the orangery-style glazed roof light over the kitchen/dining area. Combined with the glazed doors and windows overlooking the garden, this creates a bright connection between the house and outside space and gives this room an attractive architectural feature of its own.

Details Continued:

A separate utility room sits alongside the kitchen, providing useful additional household space and helping to keep laundry appliances away from the main kitchen. A ground-floor WC completes the accommodation on this level.

The attached single garage measures approximately 5.97m x 3.00m and is accessed externally from the driveway, providing secure parking or useful storage for bikes, outdoor equipment and general household items.

Upstairs, the landing leads to three bedrooms and the family bathroom.

Bedroom one is a well-proportioned double bedroom, and benefits from its own en-suite shower room. This creates a useful degree of separation from the family

bathroom and is a feature that works particularly well for a modern family home.

The second bedroom is another good-sized room, while bedroom three provides the flexibility to work as a child's bedroom, guest room, nursery or home office depending on requirements.

A modern family bathroom serves bedrooms two and three and, along with the en-suite and kitchen, will be fitted and finished as part of the completion of the property.

Outside:

The house has a smart modern exterior, with rendered elevations complemented by brick detailing, while a block-paved driveway to the front provides off-road parking for two cars and access to the attached garage.

To the rear is an enclosed garden designed to provide a manageable outside space with scope to add planting and personal touches over time. A patio immediately behind the house creates a natural spot for outdoor seating and dining, particularly convenient alongside the kitchen/dining room.

Beyond the patio, the garden rises to a raised lawn area at the rear. The combination of patio and lawn provides a practical balance for everyday use without creating an overly demanding garden to maintain.

For a new-build property, the overall arrangement works particularly well: there is parking, garaging, a private rear garden, three bedrooms and a generous kitchen/dining space, while still being within Cardigan itself rather than in a more isolated rural location.

With its combination of a brand-new finish, three-bedroom layout, en-suite principal bedroom, generous kitchen/diner, garage, parking and enclosed garden, Plot 2 offers a well-balanced home in an established and sought-after Cardigan development.

Viewing is recommended to appreciate the layout, the orangery-style kitchen roof light and the progress being made towards completion.

Virtual Tour Note: The supplied 360° tour is of neighbouring Plot 3 and should be used as a guide to the accommodation only. Plot 2 has a mirror-image layout, and the kitchen/dining room differs from Plot 3, with an orangery-style glazed roof light rather than a vaulted ceiling.

INFORMATION ABOUT THE AREA:

Maes-y-Dderwen is a popular residential development within Cardigan, placing the property conveniently for the town centre and the wide range of services available locally.

Cardigan is an historic market town on the River Teifi

and one of the principal towns of this part of West Wales. It offers a good selection of independent shops, cafés and places to eat alongside supermarkets, schools, healthcare facilities and leisure amenities. Cardigan Castle and the riverside form an attractive part of the town, while the surrounding countryside and coast are never far away.

The location also works well for exploring the wider area. The neighbouring village of St Dogmaels sits across the River Teifi and provides access towards Poppit Sands and the Pembrokeshire coast, while the villages of Llechryd and Cilgerran lie inland along the Teifi Valley.

For days by the sea, the beaches and coastal communities around Mwnt, Aberporth and Tresaith are within easy reach, opening up miles of coastline, beaches and walking routes around Cardigan Bay. Cardigan's position close to the Ceredigion and Pembrokeshire border also makes it a useful base for reaching further into both counties.
