No ongoing chain. Enjoying stunning views over the Otter Valley, a two bedroom detached bungalow with garage, driveway and lovely garden.

This detached bungalow is conveniently situated within a short walk of the centre of this popular East Devon village where there are local amenities and regular bus services to the surrounding area.

Occupying a slightly elevated position, the bungalow takes full advantage of some stunning views in an easterly direction over The Otter Valley to the surrounding hills.

In more recent years the property has been the subject of considerable improvement and expenditure which includes a new roof covering to the main bungalow. The windows are uPVC double glazed and gas fired central heating is installed.

On entering the bungalow an entrance porch opens into a well proportioned lounge/dining room which enjoys a lovely dual aspect with picture window enjoying the views. A stone fireplace with electric fire provides a focal point and there is also a serving hatch from the kitchen.

The kitchen being to the front of the property also enjoys the views and has a range of storage units and worksurfaces along with a built-in split level oven, microwave, ceramic hob, cooker hood and slimline dishwasher, along with space for a washing machine and fridge/freezer.

The two bedrooms are to the rear of the bungalow and overlook the garden which enjoys a westerly aspect. Both bedrooms have a built-in double wardrobe.

The shower room is also a part of the recent improvements, being beautifully fitted with a modern white suite and having attractive fully tiled walls. There is a large walk-in shower along with a wash basin and WC.

Alongside the bungalow is a single garage which has an electric up and over door, and there are pathways leading to the rear garden. The rear garden has a raised area of lawn and patio area with adjoining shrub borders and there is a small summerhouse. The property occupies a corner site with well stocked banking and shrub borders to two sides.

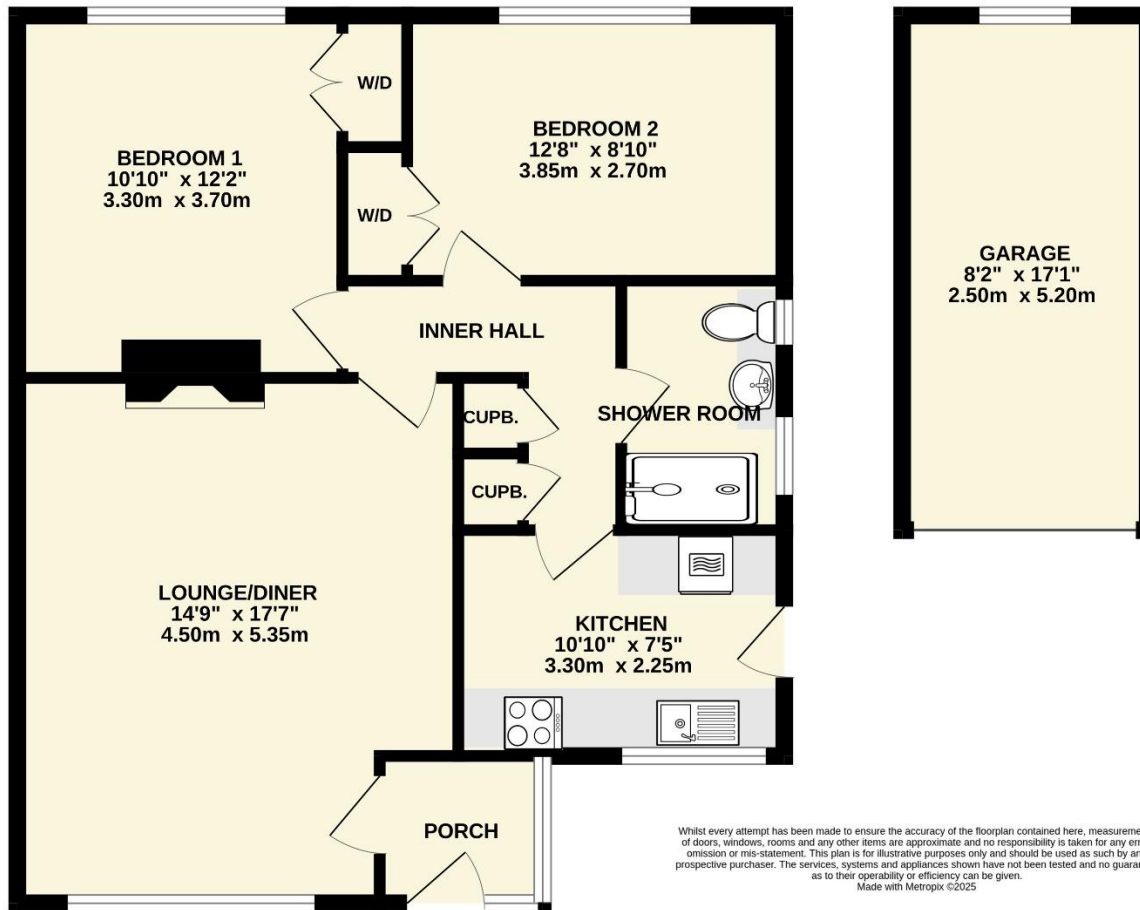

SERVICES Mains gas, electricity, water and drainage are connected.
