## DESCRIPTION

With approximately 8 years left on the NHBC warranty, this stylish detached residence was built with future proofing and energy efficiency in mind. Located in an area of outstanding natural beauty and backing on to protected land, the location of number 40 is arguably one of its key selling points. Since purchasing, the owners have landscaped the gardens to offer sociable outdoor entertaining areas, lighting and irrigation system for easy watering.

The flexible accommodation is positioned over three floors with the majority of the reception space located on the first floor. A ground floor double bedroom with ensuite shower room creates an ideal space for guests or older children, but could easily be a games room or office space. A utility room is located to the rear of the garage with access to the side of the house. Additional areas on the ground floor also include internal access to the garage, cloakroom and storage areas.

The first floor has a more open plan layout with the fitted kitchen effortlessly blending in to the dining area and with access to the rear garden. Tucked around the corner, on the opposite side,, the deceptively spacious sitting room opens out to a balcony with views towards The River Severn.

Three bedrooms are located on the top floor with the master benefitting from wall to wall wardrobes and a discretely positioned ensuite shower room. The additional bedrooms are serviced by the family bathroom.

Parking for three cars is available at the front of the house, together with an EV charging point and access to the garage.

Number 40 can be found at the end on the right hand side.
