

8-10 High Street, Nuneaton, CV11 5DA

A rare opportunity to acquire a spacious four bedroom property formed from two original terraced townhouses combined into one generous home. Beautifully maintained throughout, the property features real wooden floors, under floor and gas central heating and a versatile layout that offers exceptional flexibility.

Originally two separate dwellings, the home could be re-configured back into two units or further subdivided, making it ideal for multi-generational living, investment potential, or those seeking adaptable space. Currently configured as a three bedroom home there is potential for Five bedrooms. With well-proportioned rooms and a bright, open feel, this unique property blends character, practicality, and future potential in equal measure.

This property also benefits from CCTV security cameras and burglar alarm.

This property just keeps on giving, the rear garden is a tranquil haven full of mature trees, plants and shrubs, the sun room to the rear opens up and has a stunning awing giving shade and rain cover whilst still being able to enjoy the garden. To the rear of the garden there is a garden hut with large table in the centre, perfect for alfresco dining. The garden, being mostly paved for easy maintenance leads to a large garage and two large units currently being used as treatment rooms but could be ideal for those working from home, games room or children's play room, the possibilities are as limited as your imagination.

Asking Price £595,000

8-10 High Street, Nuneaton, CV11 5DA

Lounge (10)

11'5" x 13'7" max (3.5 x 4.16 max)
