5 Station Hill, Wetwang, YO25 9XP

A very attractive detached bungalow located on the edge of the village within extremely close proximity of open fields and countryside, yet being within only a short walk of the village centre. The bungalow provides attractively appointed internal accommodation but perhaps it is the exterior where it excels. There are generous gardens divided into three areas, one to each side and one to the rear, all offering extreme privacy and being established.

In addition, there is off-street parking and a single garage plus additional potential parking which would ideally suit owners of additional vehicles.

The interior accommodation includes front facing lounge with solid fuel burning stove and dual front facing windows. The kitchen is fitted with a modern range of kitchen units and gives access to a rear facing conservatory. There are two bedrooms plus house bathroom.

The property benefits from oil fired central heating as well as sealed unit double glazing throughout.

WETWANG

Wetwang is a traditional East Yorkshire linear village spanning the A166, which links Driffield to York and beyond. Features of the village include the charming village pond and Norman church of St. Nicholas, which dates back to the 13th Century. The village school was erected by Sir Tatton Sykes Bart AD1845. "Enlarged AD1866 according to the plaque on the school wall."
