A classic Victorian house in the village square, offering spacious and versatile accommodation over three floors and requiring updating. A short step from the schools, regular bus services and with quick access to the motorway, ideal for commuting to Exeter.

Council Tax Band: C

Tilthen House is believed to date back to Victorian times and offers large, high-ceilinged rooms, typical of the era. The property has been occupied comfortably over the years and with some cosmetic and a few remedial works could still make a very nice, spacious family home for those seeking the convenience of living in the village centre. The accommodation could then be refurbished and possibly remodelled over time, room by room, to provide very versatile living space, possibly converting the second floor rooms to a fourth bedroom suite, if required.

The house is approached via a useful front porch with a large cupboard for coats and shoes. This leads into the sitting room, a generous room with a fitted hardwood display cabinet in the corner. The adjoining dining room has a large, hardwood dresser, storage and display unit to one side, in a similar style with glazed doors. Beyond the dining room, there is further sitting or garden room, with hardwood doors leading out to the secluded courtyard garden. To one side, a small inner hallway leads to the downstairs bedroom and a small shower room, both requiring modernisation and redecoration.

Upstairs, there are two double bedrooms with the front room having a built-in double wardrobe with mirrored doors and large uPVC windows with views over the village and distant hilltops. The second bedroom has a washbasin and vanity unit in the corner. The family bathroom is fully tiled and has a white suite with a Victorian style pedestal wash basin, WC, bath, with an electric shower unit over, and a full height heated towel rail. From the landing, a door and stairs lead up to a second floor room, with a Velux window giving great light, and this could readily be used as a bedroom for an older child or maybe a home office or playroom.

The house fronts on to the pavement of The Square with a small forecourt leading to the front door. To the rear, with access only through the house, there is a secluded, walled courtyard garden which enjoys a sunny, south westerly aspect. This area is paved for ease of maintenance and has a fishpond in the corner and an original workshop/store to one side with a feature arched window.

Services: Mains electricity, water, drainage and gas.
