The Property

Covering approximately 3104 sq.ft this well-appointed detached home occupies a discreet semi-rural setting in the village of Hadleigh Heath. Cherry Thatch is an individually designed house which was built in the 1980's, and has more recently undergone improvements to a high specification, resulting in a comfortable and stylish family home.

Approached via a gravel drive and through the front door, a welcoming reception hall which also serves partly as a study, provides access to the extensive ground floor accommodation. It offers a spacious sitting room, with an attractive brick inglenook fireplace featuring an inset wood burner and exposed ceiling timbers, with pretty garden views from every aspect. Adjacent is the impressive open plan kitchen/breakfast room, fitted with various modern base and eye level units, combined with Quartz effect worktops. This beautifully light and airy kitchen with French doors to the sun terrace, offers an integrated Samsung double oven and induction hob, with the adjoining utility room providing plumbing for dishwasher, washing machine and tumble dryer. The comfortable accommodation continues through to the family/dining room and a downstairs cloakroom.

On the first floor, a central landing provides access to five bedrooms, three of which benefit from having en-suite shower rooms. Bedroom one is a particularly impressive room with extensive glazing offering breath taking views in every direction, with a dressing room and a luxurious en-suite walk in shower. The landing also provides access to an airing cupboard, loft space, and the family bathroom.

Outside, the house is positioned centrally in its generous plot, providing a good deal of privacy with gardens to all sides abutting farmland to the northern and eastern boundaries, with a gravel drive providing ample off-road parking, and a double garage.

Annexe potential:-The double garage benefits from an electrically powered door and large storage area above, with an adjoining games room/gym offering huge potential to be converted into further accommodation making it the perfect space to create multi-generational living, or a studio.
