Property Introduction

The property is a well presented detached converted grain store sat within a private and secluded plot, the accommodation comprises four bedrooms with principal en-suite, family bathroom, large open plan sitting room/dining room, kitchen, conservatory, separate utility room and ground floor cloakroom.

Said to date back to the early 1850s, outside the property is a mature plot, large patio, raised feature pond and a detached workshop accompanied with parking for multiple vehicles.

The cottage benefits from biomass fired central heating, double glazing and central Vacuum System. This property is offered with no onward chain.

Location

Situated within the village location of Blackwater, where there is a Post Office, general store, primary school and public house. Blackwater also benefits from easy access to the A30 trunk road including recent upgrades to the Saints Trail multi-user path which provides safe cycle access to Truro. The cathedral city of Truro is approximately six miles distant and is the main centre in Cornwall for business and commerce with its wider range of facilities including secondary schools, sixth form college, Hospitals, leisure centre, Hall for Cornwall and mainline railway connection to London.

ACCOMMODATION COMPRISES

OUTSIDE

The property is sat in a private plot, part walled and hedged with a host of shrubs, trees and plants and fenced borders. Approached via a tarmac driveway with parking for multiple vehicles and impressive entrance pillars, there is a raised feature pond with fully integrated filtration system. Granite steps lead to a further raised flowerbed area with pathway continuing to circle the pond and pathway leading to the detached workshop. Adjacent to the pond is a barbecue area and summerhouse with bi-fold doors and wood shingle roof, allowing for outdoor cooking and eating in all weather conditions. To the rear of the property is a gravelled hard standing with a green house and a wooden shed housing the bio mass system central heating system with additional storage space. LPG point for gas in kitchen. There is a Zappi EV charging point adjacent to the front door of the property.

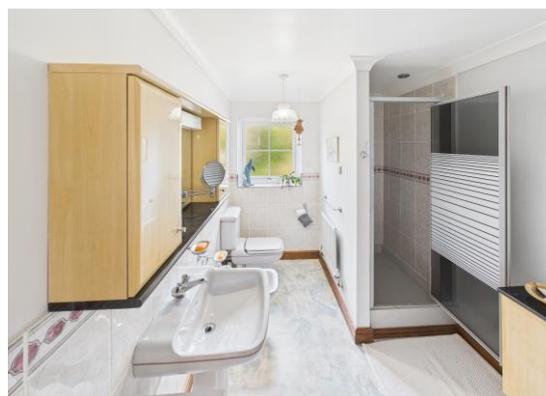

WORKSHOP 21' 2" x 18' 1" (6.45m x 5.51m) max. measurements

Having a vaulted roof and with hardwood entrance door, glazed windows to front and side aspects and power connected.

AGENT'S NOTES

Please be advised the property's Council Tax Band is band 'B'. The installation is a Solax Triple Power Battery system. Ordinarily this system would be used to store energy produced by solar panels so it could be used at a later date, but in this installation it is used to store off peak electricity at 8 pence per kilowatt hour and use during the day when energy prices are higher 28 pence per kilowatt hour. Solar panels could be added to this system at a later date if required. **SERVICES**

The property benefits from mains water, mains electricity and mains drainage.

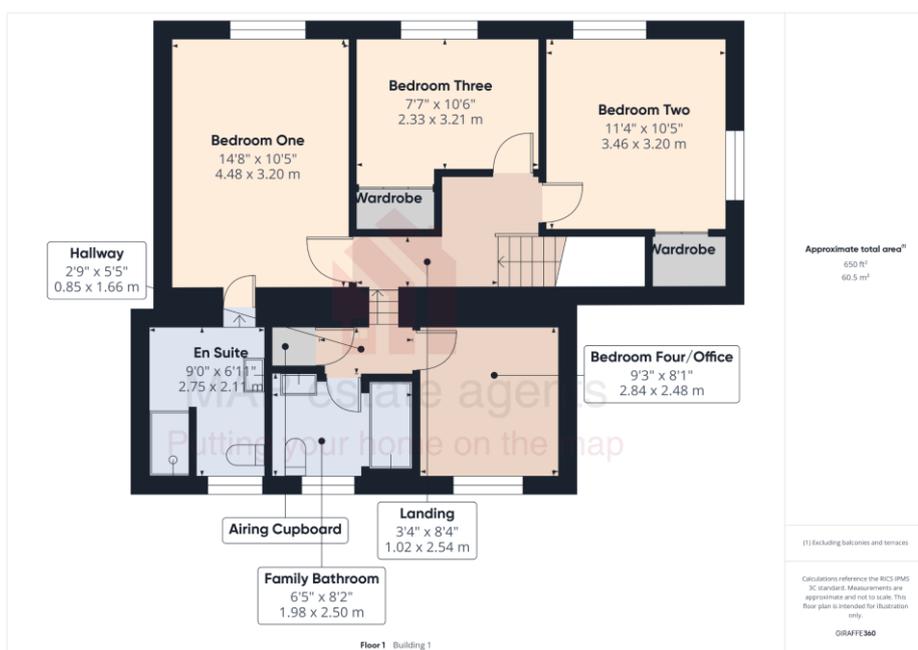

Energy Efficiency Rating		Current	Potential
<small>Very energy efficient - lower running costs</small>			
A	(92+)		
B	(81-91)		
C	(69-80)		69
D	(55-68)		
E	(39-54)		
F	(21-38)	42	
G	(1-20)		
<small>Not energy efficient - higher running costs</small>			
England & Wales		EU Directive 2002/91/EC
