Welcome to CB+CO, where *dedication* meets *excellence*, and impeccable service is our hallmark.

CONTEMPORARY STONE-BUILT TOWNHOUSE IN A CONSERVATION SETTING – Tucked away within Knowleston Place, this beautifully crafted three-bedroom home forms part of an exclusive new development just moments from the heart of Matlock. Built in natural stone and thoughtfully arranged over three floors, the property combines modern design with a setting rich in character. The interiors feel light and refined, with underfloor heating to the ground floor and striking black-framed windows adding a contemporary edge. With Hall Leys Park, the railway station and the town centre all within easy reach, this is a home perfectly suited to professionals, downsizers or those seeking an elegant Derbyshire base.

The Detail

The accommodation is arranged across three well-planned levels, offering both versatility and privacy. The entrance hallway leads to a comfortable lounge and a fitted kitchen featuring modern cabinetry, marble-effect worktops, integrated appliances and a composite sink. A cloakroom and useful under-stairs storage complete the ground floor, which benefits from underfloor heating throughout.

To the first floor are two well-proportioned bedrooms and a stylish family bathroom with contemporary fittings and a heated chrome towel rail. The principal bedroom occupies the entire second floor, creating a private retreat complete with a Velux window and en-suite shower room. Gas central heating serves the upper floors, and double glazing is fitted throughout. Externally, there is access to a communal parking area with both resident and visitor spaces, along with low-maintenance frontage.
