Open House - Saturday 18th July - Book your private tour today. Silverman Black is delighted to offer this charming and characterful five bedroom family home, situated in an idyllic location on the private Woodcote Estate, backing onto Wallington High School for Girls playing fields. Presented in excellent decorative condition, the property affords exceptionally spacious family accommodation which incorporates two generously proportioned reception rooms, a south facing conservatory and a large eat-in kitchen/breakfast room on the ground floor with five genuine double bedrooms spread over the first and second floors. Other benefits include a further WC, utility room, Economaire heating/air conditioning system and a sizeable entrance hall downstairs, with a huge first floor landing (with ample room for a study/home office area) and en-suite bathroom and walk-in wardrobe with the master bedroom and a further family bathroom at the first floor level. Externally, the property does not disappoint at all! There is parking for several vehicles on a private, block-paved parking area outside the semi-integral double garage at the house - whilst the rear garden is a rare treat! The garden faces almost due south and is an absolute sun trap - whilst featuring a generous heated swimming pool located just beyond the extensive patio/barbeque areas directly to the rear of the house. The pool - which has recently been refurbished - has it's own pump room and changing/WC facilities with both internal & external showers - whilst beyond this there are both well stocked ornamental gardens and a further space to the rear providing enough space for the children to kick a ball around or play badminton away from the house itself! In terms of facilities, Wallington High Street is about 10 minutes walk away (0.5 miles), whilst Wallington BR station - which affords easy access to London Bridge - is just 1.2 miles away. Viewing of this exceptional home is highly recommended - so book today!
