ACCOMMODATION

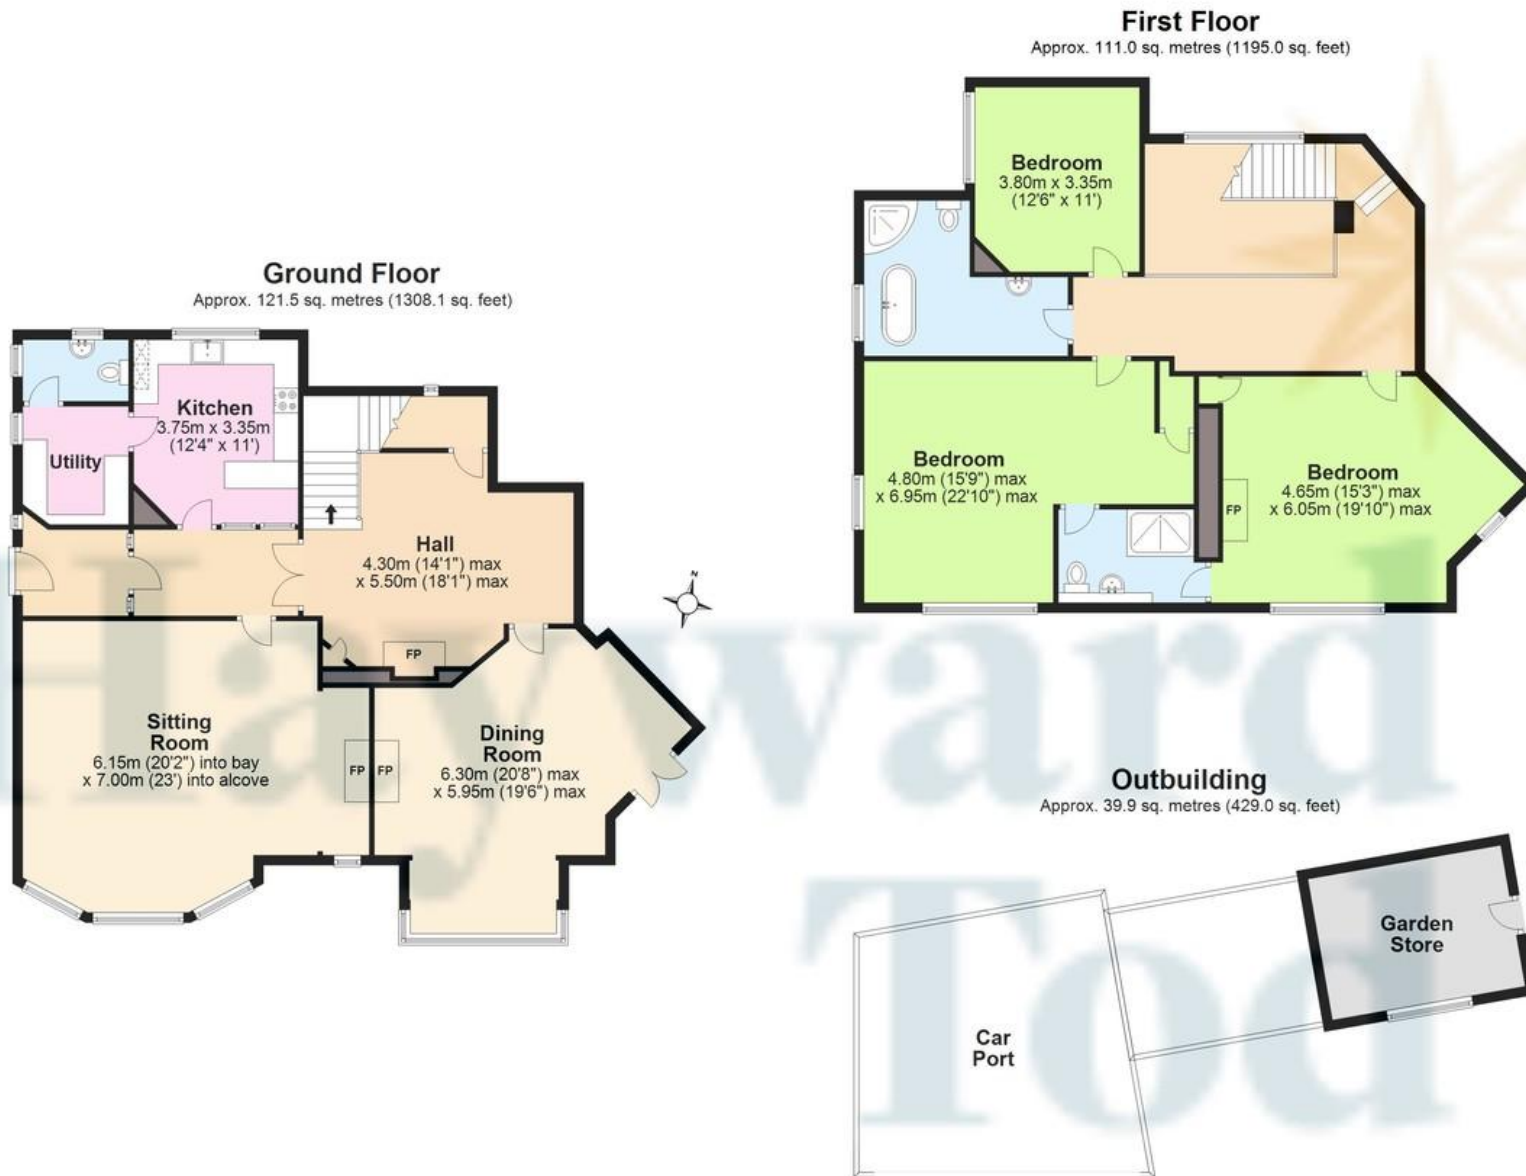

A most impressive home with delightful private gardens providing an oasis in the city. A calm descends the moment you pass through the gate posts onto the block paved drive bordered by mature gardens. This leads to an area of parking and turning in front of a carport. On entering, the property does not disappoint. There are period features and fine detail at every turn. Timber floors, fabulous fireplaces, panelling, leaded windows and more, all coming together with contemporary bathrooms and kitchen to provide a desirable city residence. The rooms are generous and the living space is excellent. The reception hall is grand with fireside seating. The beautiful drawing room has an inglenook and the wide bay out to the garden has window seating. The sitting room has a deep bay with window seat and French doors to a south facing terrace and the garden. The fitted Shaker style breakfast kitchen has a tiled floor and sleek granite work tops. There is also a utility room and cloakroom with a modern white 2 piece suite.

The wide gentle staircase leads to a spacious gallery landing which would make an ideal library and reading area. The two large south facing double bedrooms each have two windows and share a smart Jack and Jill shower room. The third double bedroom faces west and is next to the large main bathroom. This has a contemporary white 4 piece suite including a freestanding bath and separate shower cubicle.

The mature south facing gardens are a delight and in all extend to around 0.2 of an acre. They are a real asset and compliment the property beautifully. In short, an outstanding and rather special town house.
