PARTICULARS OF SALE

Sundown is a 'one-off' property set in an elevated position on the east side of the river running through the town, commanding superb panoramic views over the upper harbour and marina.

Given it's location, within walking distance of the town centre, the property can unusually boast terraced gardens, a garage and driveway parking, too.

From the brick paved driveway at the front of the property, the entrance door opens into a hallway which extends around in an L shape to contain the staircase leading to the first floor. From the hallway doors open to ...

Lounge – A light and airy reception room with 2 large windows facing west onto the balcony, looking down towards the marina and a further window to the north. The room has a cast iron stove set into the fireplace.

Kitchen – with a tiled floor and a suite of modern gloss cabinets at base and wall level, including a breakfast island, the contemporary kitchen has glazed double doors with flanking windows opening out onto the balcony plus a further window facing south. The kitchen is well appointed with appliances.

Dining Room – with 2 windows to the front and a hatch from the kitchen.

Ground Floor Bedroom / Utility – A slightly unusual room built as a double bedroom for a family member with mobility issues, but now used like a utility, with an external door to the front and windows to the front, and to the rear offering harbour views. There is a shower cubicle fitted.

WC Cloakroom – with low flush suite and wash hand basin.

1st Floor From the hallway, the stairs rise to a landing with a window to the rear and doors opening to ...

Master Bedroom - A double bedroom with a broad window to the rear, looking onto the marina and built in wardrobes. A connecting door opens into ...

En-Suite Shower Room – a fully tiled space with an oversized shower cubicle, WC and wash hand basin. Dormer window to the front elevation.

Bedroom 2 – a larger double room than the master bedroom with 2 windows facing to the rear overlooking the marina plus built-in wardrobes.

Bedroom 3 – a single bedroom with a dormer window facing to the front.

Bathroom – a tiled room with window to the front fitted with a white suite comprising a panel bath, wash hand basin set in a vanity unit and low flush WC.

Outside

The property is accessed via broad double gates from the roadside with a brick paved driveway which sweeps across the front of the house as well as leading up to a single garage adjoining the southern end of the property.

To the north side of the house, the property has a yard with an attractive paved surface and steps lead down to the rear where there are terraced gardens with flowerbeds and a lawn, all with an aspect looking over the rooftops down onto the marina.

Undercroft / Potential Development

Beneath the ground floor of the house, accessed via door below the balcony – level with the garden, the property has 2 large undercroft storage rooms.

These give superb access for plumbing and wiring under the house, and offer valuable storage, but have potential for further development (subject to the relevant planning and building regulations) to provide extra rooms or even a self-contained apartment.
