PROPERTY DESCRIPTION

If there was ever a case of a property that you could apply the “don’t judge a book by the cover” rule to, this is right up there as a candidate. But do not let this rare home fool you, it is our job, through words and images, to make sure that it doesn’t...

Located on the edge of Walton on the Hill village is this deceptive chalet bungalow, providing just over 1700 sq ft of footprint, with a layout over two floors that provides excellent flexibility, including three ground floor bedrooms, a study/bedroom 5, bathroom, kitchen/breakfast room, utility room, dining room and open plan to a really lovely sitting room area, whilst to the first floor is the primary bedroom and en-suite. The property also benefits from a large walk in loft space and a solar panel installation, delivering both environmental and financial advantages.

This is a home that is as stylish and individual as it is flexible, with a private driveway, beautiful gardens with a rural outlook, and all presented beautifully. It has been a great home for the current owners, who have brought up three children and created a space that has stood the test of time with great ease, and be it another family or maybe even just the perfect downsize, we really would recommend you arrange a viewing in order to fully appreciate what awaits you.
