Regent Gate

Kettering, NN16 8JD

Regent Gate is a landmark factory conversion positioned right in Kettering town centre, and this three-storey, two-bedroom home is a truly unique, one-off property offered to the market with no onward chain. Full of character throughout, the home showcases exposed brickwork, original large factory-style windows and a layout that feels distinctly different to a typical modern build, making it ideal for buyers looking for something with personality and a strong sense of place. The accommodation is arranged over three levels, with a spacious lounge occupying the upper floor and benefiting from the impressive window proportions that help flood the space with natural light, while the middle floor provides the kitchen and main bathroom, creating a practical separation between living and sleeping areas. The lower level includes two bedrooms, with the added benefit of an en-suite to one of the bedrooms, offering everyday convenience for owners and guests alike. With its central location, distinctive architecture and authentic conversion features, this is a standout home for first-time buyers or investors wanting a town-centre property with genuine character.
