The Property

This "Oxford Lifestyle" home combines a traditional exterior with a high-specification interior, featuring high ceilings and a spacious layout designed for modern living.

Ground Floor

The ground floor is centered around a 21ft kitchen/dining room upgraded with Quartz work surfaces, a central island, and integrated appliances. Large French doors open directly to the garden, while a separate utility room provides practical side access. To the front, the living room features a deep bay window finished with elegant colonial shutters. The layout is completed by an integrated garage and a downstairs cloakroom, ensuring a functional flow that doesn't compromise on living space.

First Floor

The upper floor is uniquely configured with three double bedrooms, each featuring its own en-suite. The master suite spans the full depth of the house (over 20ft), incorporating a bay window, a walk-through dressing area with built-in storage, and a four-piece bathroom. While bedrooms one and two benefit from built-in wardrobes, the third bedroom offers a flexible space with its own private shower room. High-quality blinds are fitted to the windows throughout this level, maintaining a clean and consistent finish.
