An impressive FOUR/FIVE bedroom detached dormer bungalow occupying a prime position at the head of an exclusive cul-de-sac on the popular Elwick Grove development. Built by Bellway to its ‘Magnolia’ design, the property combines the convenience of ground-floor living with two spacious bedrooms upstairs. A dual-aspect lounge leads to the dining room which is semi open-plan with the kitchen/breakfast room, while two en-suite shower rooms and a bathroom on each floor make the layout equally practical for family life and visiting guests.

The entrance lobby opens into a welcoming hallway with stairs to the first floor. The spacious dual-aspect lounge has double doors into the dining room, allowing the two rooms to be opened up when entertaining. The kitchen/breakfast room features modern fitted units, integrated appliances and a matching island. There are two ground-floor bedrooms, including the principal bedroom with a modern en-suite shower room. A separate study could serve as a fifth bedroom, and the main bathroom completes the ground floor.

Upstairs, there are two further generously proportioned bedrooms, one with it's own modern en-suite shower room and dressing area. A separate family bathroom is accessed from the landing. The property also benefits from gas central heating, uPVC double glazing and alarm.

The bungalow is one of just four built and located at the head of the cul-de-sac. Artificial lawns to the front and rear keep the gardens easy to maintain. The generous south west facing rear garden benefits from a large patio area. A paved area to the side houses a useful storage shed, while a long block-paved driveway provides ample off-street parking and leads to the single garage with remote controlled door.

High Tunstall College of Science is located within easy walking distance whilst the Elwick Grove development allows quick commuting to and from the area. Viewing is recommended to appreciate the position, location, space and versatility on offer.

SMITH & FRIENDS
