All the space you need, the privacy to live your way, friendly neighbours and a welcoming community, plus a home that's just been renovated to a high standard - it's all here waiting for you. When the current owners came here, they fell in love with the secluded setting and the outside space and set about renovating the house. The house has also been well insulated and has solar panels, battery storage and an EV charging point, so it's incredibly economical to run.

KEY FEATURES

Quality And Care

The owners have cleverly improved the layout of the property, doing extensive reconfiguring to ensure it flows effortlessly and makes the most of the views down the garden to the pond. There's a large kitchen diner with an electric Aga R7 in Linen with an induction hob, all powered by the solar panels and batteries, a boiling water tap, granite top on the central island, Mistral around the other units, two dishwashers, a companion oven with sous-vide and steam functions, Neff steam microwave, large pantry and more. You can see so much thought has gone into this - the lighting has even been zoned, so you can have strong lighting when you're chopping veg and softer mood lighting in the seating area by the double sided log burner. Once you've enjoyed your dinner, you can retire to the neighbouring sitting room, the log burner already warming the room. Both rooms also capture the beautiful view. There's a lovely principal suite with built-in storage and a large en-suite shower room. This has access to a terrace where the owners have their hot tub, but if you prefer you could have a table and chairs here for your morning coffee. There are three further double bedrooms, so you could use one as a playroom, snug or home office if preferred. There's also a good size double garage with a long workbench for your tools and for any work you're looking to do on cars or bikes.

So Much To Explore

Throughout the grounds there are a number of useful outbuildings, which offer further potential. There's stabling, a huge storage shed and two nissen huts. You could have a pony or donkey, small livestock, chickens, grow your own... there are so many options here. The owners have loved the different species of trees in the gardens, including some rare varieties, as well as the diversity of wildlife. You'll see buzzards landing, woodpeckers, muntjac, roe and red deer and tawny owls. If you can tear yourself away from the property, you'll find many wonderful walks on the doorstep, a primary school down the road, horses and cows in the fields nearby and more. There are also regular buses into the city. Hop in the car and you can be in the centre of Norwich in around 15 minutes, or make your way up to Cromer, visit the pretty market town of Aylsham, or head out on the river and explore the Broads.
