Lovely panoramic sea views across Mount's Bay to St Michael's Mount, St Clements Isle, Mousehole village and beyond, from this extremely well presented three bedroom detached family home located on the approach to the village, being in an elevated position, which takes full advantage of the views.

The property has spacious well proportioned living accommodation, which the present vendors have maintained to a high standard and really needs to be viewed internally to appreciate to the full.

Seacrest occupies a double plot with lawned gardens, well stocked flower borders, various terraces and a sun terrace to the front of the property, which takes in the full sweep of Mount's Bay.

The gardens are a particularly attractive feature offering a good degree of privacy along with a summerhouse to the rear, leading to double parking space.

Seacrest has had little or no expense spared in creating a comfortable family home located in a prime position on the edge of this popular village being only a short walk from most amenities and a short drive to the main town of Penzance with its rail links to London Paddington station.

Mousehole is one of the most sought after locations in the Penwith area with access to coastal footpaths and a good array of amenities within the village. Due to the popularity of properties such as this we recommend an early appointment.
