Description

This beautifully presented and well-maintained home offers versatile and spacious accommodation arranged over two floors, ideally suited to modern family living.

Upon entering, the entrance hall provides access to a ground floor double bedroom, which could equally serve as a home office, along with access to a utility room. The utility room benefits from sensored lighting, space for both a washing machine and tumble dryer, and an excellent range of additional wall-mounted cupboard storage.

From here, an inner hallway connects the main living spaces, including a front-facing lounge, family bathroom and open-plan kitchen/dining area, with stairs rising to the first floor.

The lounge, positioned at the front of the property, is a bright and generously proportioned room, benefitting from a dual aspect, French doors opening onto the front garden and a feature log-burning fireplace, creating a warm and inviting atmosphere.

A second spacious reception room serves as a dining/sitting area and is open plan to the kitchen, complete with a gas fireplace creating a sociable and comfortable hub of the home.

The kitchen is fitted with a range of modern white wall and base units with contrasting work surfaces, offering ample storage and preparation space, as well as a selection of integrated appliances. A breakfast bar provides additional seating and informal dining space. A door leads directly to the rear garden. There is a bright, large conservatory to the rear, providing an additional reception area with pleasant garden views and access. A modern family bathroom is also located on the ground floor with sensored lighting.

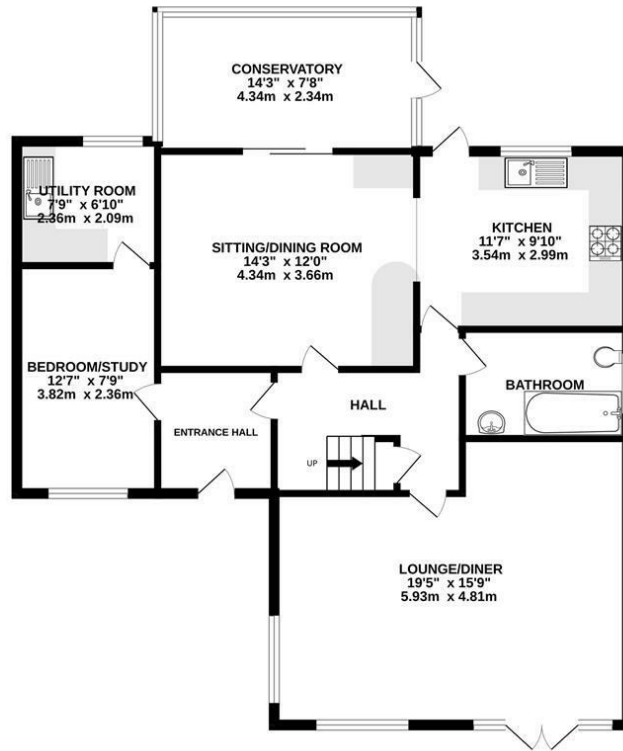

To the first floor, there are three further well-proportioned double bedrooms, all thoughtfully arranged. Two of the bedrooms benefit from access to eaves storage along with built-in wardrobe space, while the third bedroom features built-in wardrobes and large chest of drawers. A modern family bathroom serves this level, comprising an L-shaped bath with shower over, a wash hand basin set within a vanity unit, and a WC.

Externally, the rear garden is designed for ease of maintenance and enjoys a high degree of privacy. It features a block-paved patio area with the remainder laid to lawn. A covered side access provides additional storage space and a practical walkway to the front of the property, where a spacious block-paved driveway offers off-street parking for several vehicles. The remainder of the front garden is laid to lawn, with mature hedging providing excellent screening and privacy from the road. The property also benefits from external power points to both the front and rear.
