"Every time I come home after a long day at work and turn right into Church Lane, The Derry is the first house I see. There's something really special about that moment, knowing you're nearly home and seeing the house sitting proudly on the top of the hill."

We've put a huge amount of time, thought and effort into extending the property to the rear, creating a home that works brilliantly for modern family life while still retaining the character and charm of the original house. It's been a real labour of love, and I take an enormous amount of pride in what we've created here."
