The rear garden is private, enclosed and designed for low-maintenance living, featuring an extensive paved seating area, mature well-stocked borders, external lighting and an outside water tap, making it an ideal space for relaxing or entertaining.

### GARAGE

The integral garage benefits from an up-and-over door, power and lighting, and houses the recently installed wall-mounted combination boiler.

### AGENTS NOTE

**\*\*Agent's Note\*\***

The property benefits from a number of valuable energy-efficient and modern upgrades. Owned solar panels are included within the sale and, according to the current vendors, generate an approximate annual income of £1,000. In addition, the property is fitted with thermal solar tubes, which provide hot water and help reduce day-to-day utility costs. The system is professionally serviced and maintained on an annual basis.

The wall-mounted combination boiler was recently installed and benefits from approximately two years remaining on the manufacturer's warranty.

The property is also equipped with full fibre broadband, offering high-speed internet connectivity, and a fitted intruder alarm system for added security and peace of mind.
