DESCRIPTION

The property comes to the market to offer a truly unique opportunity to purchase a residential small holding or equestrian property extending to 2.75 acres, just outside of a popular rural village.

Greystone Bungalow is a traditional dormer bungalow which stands very well surrounded by its landscaped gardens and further paddocks to the side and rear. The property is accessed by the main road and leads to a parking area at the property with a separate access to the stables.

Internally, the property has been well maintained and offers a comfortable and spacious accommodation which will suit a number of buyers.

The property entered into via a side door and into a utility room which is plumbed for a washing machine and has a separate cloakroom. Leading through is the spacious kitchen diner which features a good range of fitted wall and base units and integrated appliances including an oven with hob, dishwasher and a fridge freezer together with a dining area and a window overlooking the gardens at the rear.

From the kitchen you access the large living room with a brick fireplace, a log burning stove and double doors which open into a garden room with a tiled floor and doors out to the gardens which is perfectly equipped for indoor/outdoor dining.

An inner hallway provides access to two double bedrooms which each have fitted wardrobes, and a house bathroom with a WC, basin and a bath with shower over. There is also a home office which could be used as a further bedroom if required.

To the first floor there are two further large bedrooms which each have ensuite shower rooms and ample storage within the eaves. Throughout the property features large windows and open spaces which fill with natural light to create a light and airy accommodation.

Externally the property is complemented by enclosed gardens which wrap around the property and are very private. There is a large lawn with path to the front door and a further lawn with mixed flower beds to the rear with ample patio space.

There is parking on the driveway for several vehicles with a single garage which has water and electric. The stabling and paddocks are accessed via separate driveway with a timber stable block and paddocks divided into 3 useful blocks.
