**DESCRIPTION:** The property comprises approximately 5.55 acres (2.25 ha) of pastureland, divided into paddocks located to the south of Little Fontley, set within an attractive rural area. Mostly level to the northwest with the rest gently sloping towards the River Meon with river frontage. The land is enclosed by mature trees and hedgerows with open equestrian land to the west. Access is via an existing gated entrance from Fontley Road, leading to a stoned track and the footprint of previously approved stables, reflecting the site's continuous private equestrian use since 2007. A public footpath runs along an existing fenceline to the southeast.

A recently granted planning consent (Winchester City Council Ref: [24/00776/FUL](#), approved on 4th December 2024) authorises the creation of a high-quality private equestrian yard comprising a new L-shaped timber stable block providing five boxes (5 x standard and 1 x foaling box) with associated tack and feed rooms, a separate hay barn, a mechanical horsewalker, and a 60m x 20m all-weather arena, together with formal change of use of surrounding land to equestrian turn-out paddocks. The development is to be accessed via the existing entrance on Fontley Road and is supported by a comprehensive landscaping and ecological enhancement scheme, ensuring the facilities sit discreetly within their rural setting. The permission is restricted to private equestrian use only, offering an appealing opportunity for a purchaser wishing to establish a bespoke small-scale equestrian holding in a desirable location. See Selling Agents Website for Decision Notice, Site Plans and Elevations.

**LAND REGISTRY:** The property entirety of Land Registry Titles HP696922 and HP678501. Copies are available to view on the Selling Agent's website.

**THE LAND:** The site enjoys a gently varied topography, with the northwest portion being relatively level — accommodating the existing access and proposed yard area — while the southeastern paddocks fall softly towards the river. The land lies approx. 26m above sea level. The Agricultural Land Classification Map indicates Grade 1 and the subsoils on the Geological Survey Map indicate that the land sits on a seam between slowly permeable seasonally wet slightly acid but base-rich loamy and clayey soils (northern part) and loamy and clayey floodplain soils with naturally high groundwater (southern part next to River Meon).

**PLANNING:** The Property is situated within an area covered by “countryside policy” under the current adopted Winchester Local Plan. It is also within the Whiteley/Fareham Settlement Gap and therefore the possibility of alternative use beyond agriculture, equestrian and amenity use is limited. The River Meon is designated a Site of Importance for Nature Conservation (SINC). The Property is also situated within the South Hampshire Lowlands National Character Area.

Permission has been granted for a Proposed Stable Yard (gross internal floorspace 163m proposed) for private use, together with Change of Use from Agricultural Land to Equestrian Turn-out Paddocks. Details can be viewed at Winchester City Council Planning, ref: [24/00776/FUL](#). See Selling Agents Website for Decision Notice, Site Plans and Elevations.
