Hawks Road, Hailsham

Hawks Road, Hailsham

DESCRIPTION

Guide Price £400,000 - £425,000A beautifully presented and deceptively spacious detached chalet-style home, occupying a favoured position within Hawks Road, within one of Hailsham's most sought-after residential spots. Originally constructed by local builders Bell & Pearson during the 1960s, the property has been thoughtfully improved and maintained, offering versatile and light-filled accommodation throughout.

The heart of the home is the impressive open-plan kitchen-dining-family room, designed perfectly for modern living and entertaining, with direct access onto the beautifully landscaped south-westerly facing rear gardens. The kitchen features a central island and generous dining space, creating a wonderfully sociable environment.

The rear gardens are a particular feature, thoughtfully landscaped with mature planting, stocked borders and seating areas that create a peaceful and private setting ideal for outdoor entertaining and enjoying the afternoon and evening sun.

Further accommodation includes a spacious living room together with a snug created from the former garage conversion, enhanced by an attractive pitched ceiling. The current owners utilise one of the ground floor reception rooms as a main bedroom, demonstrating the excellent flexibility the property offers for multi-generational living or those seeking substantial ground floor accommodation. There is also a generous bathroom, welcoming entrance hall and a practical lean-to utility area housing the washing machine and fridge freezer.

To the first floor are three well-proportioned bedrooms arranged around a spacious landing.
