Description

A covered porch gives access into a spacious reception hallway where you have stairs rising to the first floor. There are two ground floor bedrooms, both having access to their own en-suites. One of the bedrooms is currently being used as a home/office study, but viewers should note there is excellent potential to utilise the large, bright space in the hallway if both a separate study and fourth bedroom were required. At the rear of the property there is a comfortable living room of good size which has access into the rear garden via French doors, plus a further set of double doors which give access into the kitchen / diner. The kitchen / diner is a lovely space, fitted in a stylish range of cream wall and base units with contrasting work surface over, providing ample storage space. French doors here give additional access to the garden. There is plenty of space for appliances, including an integrated dishwasher, double fronted fridge/freezer, and a Range style cooker with extractor above. Directly off the kitchen is a separate utility room which has units to match those of the kitchen, including a sink unit and space/plumbing for a washing machine. There is access into the garden at the side from the utility room.

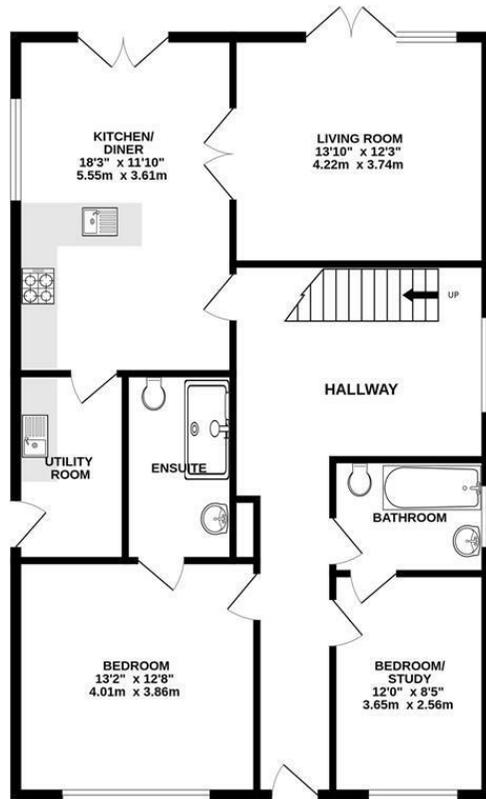

Rising to the first floor you have two further double bedrooms, with windows to the rear, overlooking the garden and allowing you to enjoy the views over the farmland beyond. One of the bedrooms benefits from access into its own en-suite shower room, and there is built-in storage to both bedrooms.

At the rear of the property there is a long garden, measuring approximately 180' in length. The garden commences with a large, paved patio with the remainder of the garden being laid predominantly to lawn, with pleasant far-reaching views over farmland to the rear. To the front you will find that there is excellent parking for several vehicles on a spacious driveway. The driveway continues to the side of the property where you have access to a detached garage.
