THE DEVELOPMENT

# A MODERN GATED DEVELOPMENT FOR LIVING IN MIJAS

*We present a modern, functional gated residential complex in Mijas, priced from €421,600 to €550,100. It is a new-build development conceived as an ideal place to live, in a privileged setting on the Costa del Sol. At Marevo we accompany you with attentive, precise advice so that your decision is always the right one.*

Mijas is one of the municipalities with the greatest personality on the Málaga coastline, combining the charm of its white village with the vitality of its coastal strip. Its location offers nearby beaches, golf courses, a broad range of amenities and leisure, and excellent connections with the rest of the Costa del Sol, making it a highly sought-after area both to live in and to invest in.

The development comprises 46 two and three bedroom homes arranged in two separate blocks. Many of them have spacious terraces and sea views, while the ground floors enjoy large gardens where you can savour a setting immersed in nature.

Every detail has been taken care of to turn this development into a true home: attractive homes with an urban, exclusive and functional design, fitted with first-class finishes that bring comfort and elegance to every space.

All homes include a parking space and a storage room, in a private development with a communal pool, landscaped areas and a pleasant chill-out zone, ideal for relaxing and enjoying the Mediterranean climate.

Thanks to its design, finishes and location, this is a highly versatile proposal, perfect as a main home, a second residence or a solid investment in one of the areas with the greatest potential on the Costa del Sol.

If you would like more information or to arrange a visit, the Marevo Real Estate team will be delighted to help you. Contact us and we will accompany you, with closeness and trust, until you find the home you are looking for.
