Situated in one of the most sought after locations of Wolverhampton, in a small select cul-de-sac off the Codsall Road, positioned on the boundary of Tettenhall & Codsall, this individually designed detached house offers tremendous potential to extend & reconfigure the accommodation to buyers own requirements.

Although already offering ample accommodation and very well maintained over the years, viewing will reveal just what an excellent opportunity this charming family home has to offer, for purchasers requiring a home to customise to personal specification. At approx. 1667.6sq feet, the well planned accommodation proposes a number of distinctive & traditional features, retaining the charm & appeal of a character property. The accommodation includes reception porch to entrance hall with guest cloakroom & U-Shaped staircase to first floor, comfortable front sitting room, and separate large dining room at rear with breakfast kitchen adjacent. This rear space is ideal to redesign & extend to create a large full width open plan living space (Subject to Planning Permission). On the first floor there are four good size bedrooms with the guest bedroom having an ensuite bathroom and the family bathroom is fitted with a shower suite & separate WC. Set well back from the road, the driveway provides ample off road parking and leads to the 33ft long tandem garage. An impressive feature of Trelawney is the fully stocked & mature rear garden, and at over 125ft approx. long, this generous garden provides a most pleasant outlook whilst maintains the maximum privacy.

Within easy distance of the local facilities in both Bilbrook & Tettenhall Village, the area is also served with Schools in both sectors and not to mention having the benefit of Bilbrook train station only minutes away. Links Avenue is also only three miles from the M54 motorway and therefore ideal for commuting to principal towns.

Offered with no upward chain, internal inspection is highly recommended to appreciate this unique opportunity which further comprises:

Score	Energy rating	Current	Potential
92+	A
