## DESCRIPTION

The Old Post House is a very appealing period house, which dates back several hundred years and has an interesting history. It was once the village post office, but also the village bakery and at one point the local tailor. Over the years it has been extended and now provides a spacious comfortable home which has been beautifully refurbished, but retains many of its original features such as the original bread ovens, beams and inglenook fireplaces. It is complemented by its stunning gardens, summerhouses, garage, parking and an outbuilding housing a gym and a studio. Whilst enjoying all the benefits of the countryside, the property is within close proximity of Tiverton and the M5 motorway junction 27.

## ACCOMMODATION

The property offers good reception space. At the heart of the house is a generous sized drawing room with a large inglenook fireplace inset with a wood burning stove and glazed doors to the garden. The dining room is double aspect with doors to the garden room and again a large inglenook fireplace housing a wood burner. The garden room is a delightful room from which to sit and enjoy the views over the garden and a door leads to the ornate wrought iron veranda. Off the drawing room is a study with fitted bookcases, which could be used as a sitting room/snug. The kitchen is well fitted with a range of wall and base units, a breakfast bar and space for a table. The utility/boot room has fitted cupboards, a sink and space for white goods. The original bread ovens are still in place in this room. Off the utility room is a cloakroom.

Upstairs the master bedroom is double aspect with en suite bathroom and dressing room. There are three further double bedrooms , two with en suites and the family bathroom which serves the fourth bedroom.

## OUTSIDE

The Old Post House is accessed via double gates opening to a parking area, Immediately in front is the garage which is attached to the house and incorporates a large storage loft, with plenty of room for storage. Adjoining the garage is a stone store. To the side is an outbuilding which the current owners use as a gym on the ground floor and a studio on the first floor, but could be used for a variety of uses or extra living accommodation subject to the necessary permissions.

The enchanting gardens are a spectacular feature of the property and have been lovingly tended to by the current owners. The garden is laid out with individual areas and pathways following on from one to another. To the front of the house is an area of lawn with flower and shrub borders and a patio for a table and chairs. An arch under a pagoda with climbing plants leads through to the kitchen garden.

To the west separated with a hedge is the greenhouse and the orchard. There is a further area of lawn above a trellis fence with flower borders and shrubs where there is a beautiful summerhouse positioned in an elevated part of the garden with a patio to the front of it providing a wonderful relaxing area where one can sit and enjoy the views and outdoor living.
