THE DEVELOPMENT

QUALITY OF LIFE BESIDE TORREQUEBRADA GOLF

Marevo Real Estate presents this new-build development located in the Torrequebrada area, in Benalmádena, designed for those who wish to invest in quality of life. With homes of 1, 2 and 3 bedrooms, plus two duplex penthouses of 3 bedrooms, it offers prices from €684,000 up to €810,000.

The complex sits in a peaceful location, a step from the area's wonderful beaches, the Torrequebrada golf course, restaurants and every kind of service, including schools, supermarkets and a health centre. This privileged corner of the Costa del Sol combines the serenity of a residential area with proximity to the sea and a complete offering of leisure and everyday services.

The current availability comprises two flats and two duplex penthouses, the latter with 3 bedrooms. The whole development has been conceived in pursuit of the optimal distribution of space, functionality, light and the quality of the building materials, with a starring role for the generous terraces that characterise the homes.

Among the most remarkable details, all the homes have a garage space and storage room on the basement floor, with direct access to the home within a gated precinct.

The kitchens are delivered furnished and equipped, and the hot/cold climate-control systems are fully installed, so residents find a home ready to enjoy from day one.

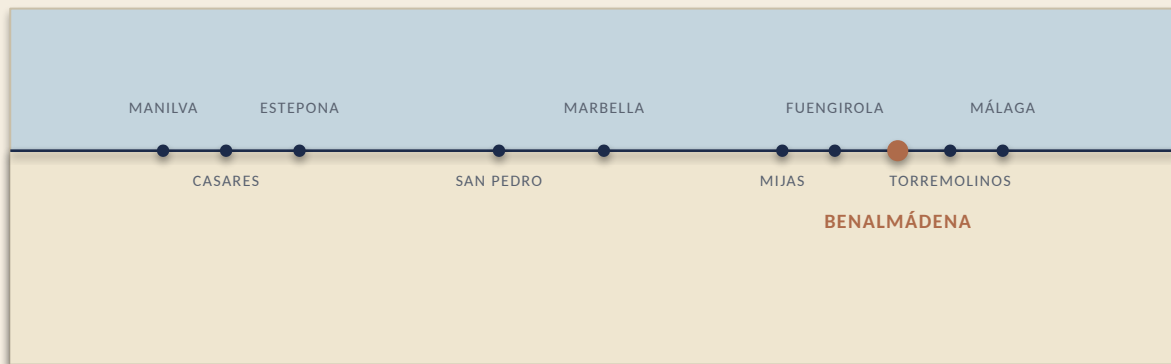

The intelligent distribution of the spaces, together with the light and the generous terraces, shapes homes where comfort and the good use of space combine deftly. The duplex penthouses, for their part, bring added value for those seeking greater space and exclusivity.

For its location, peaceful yet close to beaches, golf and services, this development is attractive both for establishing a permanent residence and as an investment in one of the most consolidated areas of the Costa del Sol, with quality of life as its main hallmark.
