An impressive 18th Century farmstead with a useful range of outbuildings set in approx. three acres of attractive gardens and grounds, in a rural but accessible location between the Yorkshire Wolds, North York Moors and the North Yorkshire Coastline.

The farmhouse accommodation has three generous bedrooms and two loft rooms plus a three bedroom cottage, which is currently integrated into the main house to enable use as a large six bedroom family home, but could alternatively provide independent multi-generational living accommodation, or be utilised for an income.

The property is set on an approx. three acre plot that includes woodland, a pond, kitchen garden, courtyard, meadow and formal gardens. The substantial range of outbuildings include workshops, store rooms, garaging, stable and open-fronted barn. Most are situated around a pretty courtyard which could be developed subject to gaining the necessary consents. There are also three glamping cabins and two self-catering studios which were formerly used as a holiday let business. The owners are now retired but this could be run as a lifestyle business if desired.

The property is located in open countryside on the edge of the well serviced village of Hunmanby, within striking distance of the Heritage Coastline. The village provides a good range of amenities including shops, cafes, pubs, church and primary school. The Yorkshire Wolds Trail passes nearby and enjoys excellent views, whilst the town of Filey and the larger Victorian seaside town of Scarborough have a full range of facilities and amenities, including railway access to the East Coast Mainline.
