STEP INSIDE

This stunning home is situated in the heart of the sought-after Wye Valley village of Redbrook and is beautifully presented throughout, showcasing an abundance of character and charm.

The versatile ground floor accommodation benefits from a separate entrance and comprises a large reception room, hallway space and WC. The current owners have successfully operated a business from this area, although it would lend itself equally well to use as an annexe potential, or be seamlessly incorporated into the main house.

Upon entering the main house, you are immediately struck by the spacious and charming two principal reception rooms, rich in character with exposed wooden beams, oak flooring and a large open fireplace with log burner.

The lounge also has easy access to the large cellar offering plenty of storage space. There is a further reception room, again featuring beams and a separate WC, which would make an ideal snug or guest bedroom.

The superb modern kitchen is beautifully appointed, featuring a central island and a stable door opening onto the kitchen garden. There is an excellent range of wall and base units complemented by high-quality NEFF appliances, including a double oven with warming drawer, four-ring induction hob, dishwasher and space for a larder-style fridge. Additional features include a built-in pantry cupboard and an inset sink with boiling water tap. The focal central island provides space for bar seating as well as further storage cupboards. A recessed area off the kitchen offers a practical space for coats and shoes, together with additional shelving for storage, and also houses the Worcester boiler.
