DESCRIPTION/PLANNING

Full planning permission was achieved on 17th June, 2025 for 'Demolition of rural building and erection of two dwellings and associated works [fall back position following approval 79017] (departure)' All relevant documentation can be viewed via the North Devon Council website, Planning Section, using the latest planning reference; 79706 for access. The two dwellings proposed are both bungalows. The proposed elevations and layouts are shown in the plans accompanying these particulars. This former farmyard will eventually comprise 5 detached dwellings, 3 of which are already established, each with independent access points. The planning consent for the two proposed bungalows currently shows an access which is initially shared however, there may be scope to totally separate these, subject to planning permission.
