THE DETAIL

The Detail

The property is entered through a storm porch and front door with inset frosted glazing, opening into a welcoming hallway finished with Karndean-style flooring. The flooring continues through the lounge, dining room, garden room, kitchen, breakfast area and utility, creating a cohesive finish across the principal ground-floor spaces. The front-facing lounge features a multi-fuel stove, ceiling coving and double doors opening into the dining room, creating an ideal arrangement for both everyday relaxation and entertaining.

From the dining room, the accommodation flows into the impressive rear garden room. Designed to maximise natural light and garden views, this space features a high-pitched ceiling, remote-controlled Velux roof windows and bi-folding doors opening directly onto the patio and gardens. The ground floor also provides a useful study with rear window and double doors leading into an additional converted area, offering flexibility as a second study, music room, ground-floor bedroom or further living space. A downstairs WC, understairs storage and practical utility room add further convenience.

The kitchen overlooks the garden and incorporates matching wall and base units, recently fitted quartz worktops, a one-and-a-half bowl sink, gas hob, cooker hood, integrated oven and grill, plus dishwasher. The adjoining breakfast area provides space for a table, while the utility includes matching cabinetry, sink, washing machine plumbing and garden access.
