Entrance

Upon arrival, you're welcomed by a classic entrance that sets the tone for the character of the house. This home benefits from a reverse-level design, meaning the bedrooms are conveniently located on the upper level, offering peaceful retreats away from the main living spaces below.

As you step inside, the first floor presents four generously-sized bedrooms, each with its own unique charm. The layout is perfect for families, offering flexibility to create personalized spaces for sleeping, working, or relaxing. Natural light pours into each room, enhancing the sense of space and creating a bright and airy atmosphere.

Lounge

Heading downstairs, you'll find yourself in the heart of the home: the spacious lounge. Solid wood flooring adds warmth and character to this bright and inviting space, while large windows allow natural light to flood in, creating an open, airy feel. The lounge is perfect for cozy nights in or entertaining guests, with enough space to arrange furniture to your liking.

Four Bedrooms / Bathrooms

The master bedroom is a haven of tranquility, with ample space for a king-sized bed and additional furnishings. Whether you envision a cozy, relaxing retreat or a bright and airy space to start your mornings, this room offers the perfect foundation to make it your own.

The second and third bedrooms are equally well-sized, providing ideal spaces for children, guests, or home offices. The fourth bedroom, slightly smaller but still comfortably sized, could make a fantastic nursery, dressing room, or creative space.

Conveniently serving these bedrooms is the main family bathroom. Generously proportioned, it offers everything needed for busy mornings or relaxing evenings. Additionally, a separate shower room adds practicality to the upper level, ensuring no queues when the household is getting ready for the day.
