Stables & Menage
The Winnowing Barn benefits from an impressive range of equestrian facilities, including a substantial, high-quality purpose-built stable block comprising six generously proportioned stables.
Complementing the stabling is a large outdoor ménage measuring approximately 60m x 40m, providing excellent facilities for schooling, training and exercising horses.
These well-established facilities create an attractive opportunity for purchasers seeking to keep and care for their horses at home.

Equestrian Land & Field Shelters
Extending to approximately eight acres, the land provides extensive grazing and turnout opportunities, with the added benefit of a piped water supply to every paddock.
The grounds also incorporate a number of field shelters, providing valuable protection and flexibility for the management of horses throughout the year.
The owners advise that all existing field shelters benefit from permitted development rights allowing their conversion into permanent buildings. This offers potential for further enhancement of the equestrian facilities, subject to confirmation of the applicable planning rights and conditions.
Together with the six-stable block and substantial outdoor ménage, the land provides a well-equipped equestrian holding suitable for a variety of private equestrian uses.

Additional Land
For purchasers requiring further acreage, an additional ten acres are available by separate negotiation at £150,000.
This provides the opportunity to extend the holding to approximately 18 acres in total, with a combined asking price of £1,700,000, offering additional grazing land and flexibility for equestrian use.
