Rockingham Mews, Kettering, NN16 9AF

£250,000

Rockingham Mews is a collection of brand new homes tucked away just off Rockingham Road in Kettering, offering a rare opportunity to secure a newly built property where fine craftsmanship, thoughtful design and energy efficient living take centre stage. Built by local developers Coleman Build, this is a development that focuses on the small details that make a big difference, creating homes that feel well considered, well finished and built for modern day life. The first release includes these two bedroom semi detached homes, designed with a practical layout that makes excellent use of space, with an open plan kitchen and living area forming a sociable hub for everyday routines, supported by a convenient ground floor WC and useful storage. Upstairs, there are two bedrooms and a family bathroom, making the accommodation ideal for first time buyers, downsizers or investors looking for a low maintenance, ready to move into home. A key benefit is the inclusion of an air source heat pump, supporting energy efficient performance and helping to keep running costs lower than a typical older property. Externally, each property benefits from off road parking and a private rear garden laid mainly to lawn, providing a great space for relaxing, entertaining or children's play, all within a tucked away setting
