Crane Cottage is an individual very well presented three bedroom attached barn conversion, traditionally constructed in brick under a pantiled roof and occupying a particularly private, fully enclosed plot in the heart of the highly regarded village of Farndon.

The property offers spacious and well-proportioned accommodation arranged over two floors, with three generous double bedrooms and two en-suite shower rooms. The accommodation has mahogany-framed double glazed windows and a gas-fired central heating system with a modern Viessmann boiler installed in 2019.

The ground floor accommodation comprises an entrance hall, downstairs Cloakroom, an impressive lounge dining room extending to approximately 26ft, a spacious dining kitchen and a separate utility room. On the first floor, the landing gives access to three spacious and well-lit double bedrooms. The principal bedroom and bedroom two both benefit from en-suite shower rooms.

The property is principally arranged to one aspect and enjoys a pleasant outlook over its own gardens. The established boundaries and gated entrance create a particularly private and secluded environment.

The landscaped gardens are predominantly laid to lawn, with paved pathways and a patio terrace adjoining the front of the property. An ornamental pond provides an attractive focal point and the gardens contain a variety of established trees and shrubs, providing seasonal interest and a good degree of natural screening.

A brick boundary wall extends along the Main Street frontage, with close-boarded timber fencing completing the enclosure. An electrically operated sliding wrought-iron entrance gate opens onto a substantial private driveway, providing off-road parking for approximately five vehicles and access to the attached double garage.

The double garage has two up-and-over entrance doors and the unusual feature of a roof-mounted clock tower incorporating three automatic, illuminated clock faces.

Crane Cottage combines the character and individuality of a traditional barn conversion with spacious accommodation, excellent parking and an unusually private garden setting, all within one of the area's most sought-after villages.

Farndon is a highly regarded village situated approximately two miles south-west of the historic market town of Newark-on-Trent. The village occupies an attractive position close to the River Trent and offers an excellent balance of village life, with convenient access to Newark and the surrounding area.

Local amenities include a village shop, public houses, community facilities, recreational areas and St Peter's Cross Keys Church of England Academy. Farndon Marina provides opportunities for boating, fishing and walking, while the surrounding countryside offers a choice of attractive rural routes.

The village has a welcoming community and contains an appealing mixture of traditional cottages, individual period houses and modern family homes. Its close proximity to Newark make it particularly popular with families, professional couples and those seeking a well-connected village location.

Newark provides a comprehensive range of amenities, including national and independent retailers, supermarkets, restaurants, cafes and leisure facilities. The town is centred around its historic market square and also offers Newark Castle, riverside walks and a regular market.

Farndon is conveniently placed for access to the A46 and A1, providing routes to Nottingham, Lincoln, Leicester and the wider regional road network, via car or through a comprehensive bus service from the village. Newark Castle railway station offers services to Nottingham and Lincoln, while Newark North Gate lies on the East Coast Main Line with direct services to London King's Cross.

The living accommodation can be described in more detail as follows:

GROUND FLOOR

ENTRANCE HALL

9'8 x 11'10 (2.74m'2.44m x 3.35m'3.05m)
