*** STUNNING GROUND FLOOR APARTMENT * * FLEXIBLE TWO BEDROOMED ACCOMMODATION* *BEAUTIFUL MAINTAINED GARDENS* *IDEAL RETIREMENT HOME* *GRADE II LISTED BUILDING* *TOWN CENTRE LOCATION*** The Friary is one of the finest apartments available in the county.

The accommodation is on one level and the walled grounds are professionally maintained for the benefit of the property and the apartments in this Grade II listed property. Views of the delightfully maintained communal gardens are enjoyed from the tall box sash windows and pathways take you around the beautifully maintained grounds and the secluded summer house area. A neat gravelled driveway provides the entrance to the property and the garage block. The excellent town centre facilities, the wonderful Georgian market square, the fine St. Mary's Church, the 12th Century castle and the riverside areas are just a short walking distance from the property.

The accommodation provides a canopy entrance, arched doorway with opening fanlight, entrance vestibule, reception hall and cloakroom. Lofty ceilings are approximately 9'6" in height. Bedroom Two/Drawing Room features an Ancaster stone fireplace and three symmetrical panelled window reveals. This room was formerly laid out as a second bedroom with en-suite. The sitting room has a fine oak panelled walls with fluted and decorative carvings. An inner lobby leads to the master bedroom suite which has fitted wardrobes, cupboards and a luxurious en-suite bathroom with shower. Amazingly, the apartment provides almost 2000sq.ft internal floor space. Within this floor area the property would revert to the original two bedroom design subject to building control and listed building approval.

The Friary has a wealth of history situated on the site of a vanished house of Observant Friars circa 1507 and then the Austin Friars circa 1534. The property is described in some detail by Nicholas Pevsner in his book entitled 'The Buildings of England'. Pevsner wrote his article prior to the conversion of the property by the developers in the 1980s and describes the building of 17th Century in its earliest parts, remodelled circa 1770 and further alterations carried

out between 1868 and 1877. The property is built in Blue Lias stone quarried just outside the local village of Staunton.

Extensive documentation and research recalls the house was occupied by Sir Frances Leeke during the 17th Century and that during the Civil War Royalists dug siege defences on the boundary of The Friary and banked-up contours can still be identified today., The distinguished and wealthy Branston family who owned The Malting Company in Newark bought the house in 1867 and established The Friary as 'perhaps the most enviable private house in Newark'.

There are excellent facilities in Newark including a Waitrose store, Asda, Morrisons, Marks and Spencer food hall and most of the multiples represented together with many interesting shops and boutiques. Newark on Trent is an ideal location for commuting to Nottingham, Lincoln and Grantham. There are regular train services from Newark Castle station to Nottingham and Lincoln. Fast East Coast railway trains are available from Newark Northgate station to London King's Cross with a journey time of just over 75 minutes.
