Purchasing Options:

If eligible, you may increase your share in the property over time.

Shared Ownership is a Part Buy, Part Rent scheme that helps you get on the property ladder with a smaller upfront payment. You purchase an initial share of your home using a mortgage from a bank or building society, while paying a subsidised rent on the remaining share. In most cases, the combined monthly mortgage and rent is less than the cost of buying a similar property outright. Over time, you can purchase additional shares (known as staircasing) until you own your home outright at 100%.

Additional Costs

Please be aware that Shared Ownership purchases may involve additional legal fees during the conveyancing process. Your solicitor will be able to provide advice on these.
