## SITUATION & AMENITIES

Occupying a prime position in the timeless and tranquil Conservation village of Kings Heanton, and epitomising the very best of Devonshire countryside living, The Granary & The Drey lie within the heart of this small and well-connected village. Within walking distance is Marwood Gardens & Tea Rooms and within easy access is Marwood primary school – recently judged by OFSTED as ‘Outstanding’. The property is also close to public footpaths leading to many miles of open countryside. Barnstaple is about 3 miles, and as the regional centre houses the area’s main business, commercial, leisure and shopping venues, as well as live theatre and district hospital - which is located on the edge of the town. From Barnstaple the North Devon Link Road leads through to Jct.27 of the M5 Motorway in about 45 minutes, while Barnstaple Train Station provides a link to the National Railway system. The North Devon coast is within easy reach and the popular surfing beaches at Saunton (also with Championship Golf Course), Croyde Bay, Putsborough, Woolacombe, and the vibrant fishing village of Instow in the opposite direction are all readily accessible. Through the lanes, the popular village of Braunton is also about 3 miles. Exmoor National Park is within easy reach, and the nearest international airports are at Bristol and Exeter. The area is well-served by excellent state and private schools, including the reputable West Buckland school.

## DESCRIPTION

The Granary comprises a two-storey attached character residence, which presents elevations of stone and painted render with attractive double-glazed windows which are gabled on the first floor, all beneath a slate roof. We understand that the main structure dates from the late Victorian period and as the name suggests, was formerly a Granary. The property was converted along with the adjacent coach house into a dwelling in 1979. The Granary takes up about 2/3 of the entire structure. The characterful accommodation is deceptively generous, tastefully modernised and well-presented. This has a rustic and quirky ambience, reflecting the vendors’ passion for design and flair. This is also reflected in The Drey, which is a rustic cabin constructed about 4 years ago and comprising bed/sitting room, kitchen, shower room and outside kitchen, thatched gazebo, as well as an external cast-iron bath, pizza oven and hot tub, with a private, secret garden. This is a magical feature and can double-up as overspill accommodation to the main house, or studio/office etc. The current vendors are operating this space as a successful Air B’n’B rental property. Income figures are available upon request. Other outbuildings include a period barn used for storage/additional utility space and large summer house – currently set up as a gym. Throughout the main property there are oversized stripped wooden floorboards and plantation shutters at most of the windows. This is certainly a property that needs to be viewed internally to be fully appreciated.
